Message from A/Inspector Matt Stuart

We know that one of the keys to local policing is our engagement with the community, in part through local representatives and councils, but also with ordinary local people whenever and wherever we meet them. This summer one of our priorities in Broadland has been to increase visible proactive policing in our parks and recreation areas where people of all ages and circumstances spend time. We have received lots of good feedback from members of the public about this and we have taken the opportunity to speak to lots of people in these spaces, particularly young people. We will continue to do this and are always keen to hear of your ideas, thoughts, and concerns regarding the community and the role the police play in keeping Broadland safe and enjoyable for everyone.

Being a victim of scam/fraud can have a large scale and lasting impact on a person both financially and emotionally. Scams Prevention Service (SPS) is a new non-investigative, free and confidential service covering the whole of Norfolk for victims of scams and fraud.

The main aim of SPS is to reduce the likelihood of repeat victimisation of vulnerable victims of scam and further targeting by working with partners to provide appropriate advice, guidance and support. This could be achieved by providing an immediate support over the phone or arranging for a trained Police Volunteer to visit at home and talk through about what has happened, offer support and help to ensure that it never happens again. We can provide advocacy, practical advice and information to develop confidence and safety, and we can offer follow-up support to help to cope and recover.

To contact SPS please dial the Police Non-Emergency Number 101 ext 5483 please leave your name and contact details to be contacted back by the SPS. Alternatively, you could email SPS on
